

Assignment 1

- Create a new directory named foo_dir

```
(root@kali)-[~/Desktop]
# mkdir foo_dir
```

- Change directories to foo_dir

```
(root@kali)-[~/Desktop]
# cd foo_dir
```

- Write "hello, world" to a text file

```
(root@kali)-[~/Desktop/foo_dir]
# echo "hello, world" > notes.txt

(root@kali)-[~/Desktop/foo_dir]
# mkdir foo_sub_dir

(root@kali)-[~/Desktop/foo_dir]
# mv notes_cpy.txt foo_sub_dir/
```

- Display the contents of the text file

```
(root@kali)-[~/Desktop/foo_dir]
# cat notes.txt
hello, world
```

- Make a copy of the text file

```
(root@kali)-[~/Desktop/foo_dir]
# cp notes.txt notes_cpy.txt
```

- Place the copy in a new sub-directory, foo_sub_dir
